# AGRICULTURAL STATISTICS, IRELAND, 1879.

TO  
HIS GRACE, JOHN WINSTON, DUKE OF MARLBOROUGH, K.G.,  
&c., &c., &c.,

LORD LIEUTENANT-GENERAL AND GENERAL GOVERNOR OF IRELAND.

MAY IT PLEASE YOUR GRACE,

I have the honour to submit the Annual General Abstracts, which give, by Counties and Provinces, the acreage under Crops, and the number and description of Live Stock in 1879.

The collection of the Agricultural Statistics for this year commenced on the 2nd of June, and the last of the Returns was received by me on the 24th instant.

From the Royal Irish Constabulary and Metropolitan Police, 3,410 members were selected for the purpose of obtaining the necessary materials for the publication of these Statistics, and this important duty was performed by them with zeal and efficiency.

The various Holdings—which amount to nearly 600,000—were visited by the Enumerators, and *the names of the several parties from whom the particulars of Tillage and Live Stock for each Holding were obtained, are stated on the Returns, with a view to further inquiry in any case, should it be found necessary.*

The information necessary for compiling the Agricultural Statistics has been willingly afforded by all classes connected with the land.

The Abstracts for 1879 have been carefully compiled from summaries made by the Enumerators, and may in some slight degree differ from the revised figures which will be subsequently published.

The total acreage under all Crops this year was	5,121,788 acres	Extent under Crops, 1878-9,
